

Since 1995 **RELOCATION**one Sabine Bergengruen and her team offers a comprehensive package of relocation services for companies, individuals and their families.

We are a company with a personal touch which provides support to our clients' needs quickly and unbureaucratic.

Due to our international and national cooperation partners we can serve our clients also in different places so as the client as a company has only one point of reference while we have the coordination/organization part.

Our aim is to support the company, its HR department and employees with their families providing them efficient, fast and professional relocation arrangements.

RELOCATIONone has a profound know-how and the corresponding network which allows us to manage relocations at a national and international level. Due to our long experience with expatriates' issues we understand them and are able to cope with the various problems caused by a change of working place.
